SELECT COMMITTEE ON ETHICS

June 12, 2018

Carleton Atkinson
Office of Senator Benjamin L. Cardin
United States Senate
Washington, DC 20510

Dear Mr. Atkinson:

This responds to your recent correspondence concerning an invitation you received to travel on the *2018 U.S. District Directors Study Tour* to Tokyo, Fukushima, and Sendai, Japan, on June 16-23, 2018, sponsored by the U.S. Association of Former Members of Congress (FMC).¹ FMC certified to the Select Committee on Ethics (the Committee) that it will pay the *necessary expenses*² related to the travel and that it is neither a lobbyist, nor lobbying firm, nor agent of a foreign principal, and it is not otherwise acting as a representative or agent of a foreign government. FMC has also certified that it does not retain or employ a registered lobbyist or agent of a foreign principal and that no registered lobbyist will accompany you at *any point throughout your trip*.³

Based on information and materials available to the Committee, and assuming the actual travel and travel-related expenses conform to the information and materials you provided, it appears that the proposed payment or reimbursement of necessary expenses for this trip **may be accepted** under relevant Senate Rules and the Committee's *Regulations and Guidelines for Privately-Sponsored Travel*, so long as at the time of the payment or reimbursement, FMC is neither a registered lobbyist nor lobbying firm under the Lobbying Disclosure Act of 1995, nor an agent of a foreign principal under the Foreign Agents Registration Act (and is not otherwise acting as a representative or agent of a foreign government), and provided the travel and all required documents are disclosed to the Secretary of the Senate in accordance with the provisions of Senate Rules 34 and 35.

¹ The Japan-U.S. Friendship Commission (Commission) has provided the funding for this trip through a grant to FMC. Because the Commission is an agency of the federal government, it is not a "private sponsor" for purposes of privately sponsored travel. Contributions to Senate travel paid by the Commission are permissible under paragraph 1(c)(16) of Senate Rule 35 (the Gifts Rule), which allows Members, officers, and employees of the Senate to accept anything paid for by a federal, state, or local government.

² The term "necessary expenses" has a specific definition. See *Select Committee on Ethics' Regulations and Guidelines for Privately-Sponsored Travel – Glossary of Terms* at 8.

³ The term "any point throughout your trip" has a specific definition. See *Select Committee on Ethics' Regulations and Guidelines for Privately-Sponsored Travel – Glossary of Terms* at 2.

If you have any additional questions, please do not hesitate to contact the Committee.

Sincerely,

Deborah Sue Mayer
Chief Counsel and Staff Director

Continuation of the Senate Private Sponsor Travel Certification Form:

2.

The Congressional Study Group on Japan (CSGJ) – a non-partisan, non-advocacy legislative exchange housed in the U.S. Association of Former Members of Congress (FMC), a congressional chartered 501(c)(3) non-profit organization – will conduct its 2018 State Director Study Tour to Japan from June 16-23, 2018. This Study Tour offers Senate State Directors a unique educational forum to examine important issues in the bilateral U.S.-Japan relationship such as the bilateral security alliance, Japan's post-Fukushima energy policy, and trade relations including the Transpacific Partnership (TPP). During their week in Japan, participants will meet with key federal and local government officials as well as top experts, academics, and community leaders on these issues impacting bilateral relations and their work in Congress. Trip participants will also gain a greater understanding of the unique cultural and religious components of Japanese society and their intersections and high importance to Japanese politics and business.

The trip complements FMC's year-round Capitol Hill programming, which provides a forum for substantive dialogue on the issues most relevant to the U.S.-Japan strategic alliance and the East Asia region.

12.

FMC is the sole sponsor of the trip and is responsible for organizing the itinerary and arranging meetings with officials, expert speakers, and local leaders. FMC is solely responsible for all invitations to and communications with trip participants, as well as the funding for the 2018 State Director Study Tour to Japan. All of the funding for this trip is provided by grant from the Japan-U.S. Friendship Commission, an independent federal agency created by Congress in 1975.

13.

FMC – a congressional chartered 501(c)(3) non-profit organization – administers the Congressional Study Group on Japan through its international program. Through the Study Group, FMC creates constant channels of communication and dialogue for U.S. Members of Congress and their staff to interact in a meaningful way with their counterparts in Japan. The 2018 Study Tour offers senior congressional staff a unique educational forum to explore key issues in the bilateral U.S.-Japan relationship and supports CSGJ's and FMC's educational mission.

14.

FMC has sponsored congressional travel to Germany, Turkey, Japan, and Republic of Korea since 1983, which marked the first annual Congress-Bundestag Seminar hosted under the auspices of FMC's Congressional Study Group on Germany. Since 1983, FMC has convened these annual seminars for members of the U.S. Congress and German Bundestag for 32 straight years, with delegations alternating between in the U.S. and Germany each year.

FMC has organized delegations through its Congressional Study Group on Japan since January 2014 and has brought five Congressional Member delegations and four Senior Congressional Staff delegations.

15.

FMC's flagship program, Congress to Campus, brings a bipartisan pair of former Members of Congress to college campus across the nation to discuss civic education, importance of political participation, and functions of Congress with students throughout the year. FMC also holds regular public panels at the National Archives with issues ranging from the Vietnam War to women in politics.

The Congressional Study Group on Japan (along with its sister programs, The Congressional Study Groups on Germany, Europe, and Korea) convene monthly roundtables on Capitol Hill for Members of Congress and senior congressional staff. Each program focuses on substantive dialogue between American lawmakers and their peers abroad, and when appropriate, also includes high-level representatives from the U.S. administration, academia, industry, and the diplomatic community here in Washington. For example, last year the Study Group convened roundtables with the groups of Japanese Diet Members, a meeting with the Governor of Aichi Prefecture, and a roundtable with the Japanese Ambassador to the U.S.

GERMANY

JAPAN

EUROPE

April 4, 2018

It is our pleasure to invite you to join The Congressional Study Group on Japan's inaugural Study Tour for District Directors from June 16, 2018 to June 23, 2018. The theme of this trip is "science and technology cooperation" and the delegation will visit Tokyo, Sendai and Fukushima.

The Study Tour for District Directors provides an exciting new opportunity to build U.S.-Japan relationships at the regional and local levels of government and civil society, beyond the traditional Washington-Tokyo relationship. Our Congressional Study Group on Germany has convened similar trips for District Directors in 2016 and 2017, both of which have seen great success. The 2018 Study Tour to Japan will visit Tokyo and Tohoku (Sendai and Fukushima) with the thematic focus on science and technology. Together with a variety of leading officials and experts from academia, civil society, industry, the media, and government, you will have the opportunity to discuss topics of mutual concern and areas for cooperation in science and technology, including:

- Innovation: transportation, start-up culture, public-private partnership,
- Energy: renewables, the future of nuclear energy
- Demographic change: robotics, artificial intelligence, medical device development

During the trip, you will also have an opportunity to learn other issues, including the U.S.-Japan security alliance, regional and bilateral trade, and the roles of the district offices in Japan.

We have obtained funding for eight District/State Directors from the House and the Senate and are able to provide economy-plus airfare on ANA for this bipartisan delegation. All lodging, transportation, and scheduled meal costs will be paid for by the U.S. Association of Former Members of Congress (FMC), a congressionally-chartered, 501(c)(3) non-profit organization, with the generous support of the Japan-U.S. Friendship Commission, an independent federal agency created by Congress in 1975. **Please note that this privately-sponsored trip will be submitted to the Ethics Committee for congressional approval.**

Addendum A – Participant List

Mr. Carleton Atkinson, State Director, Office of Sen. Ben Cardin (D-MD)

Mr. Greg Bloom, State Director, Office of Sen. Tom Udall (D-NM)

Mr. Patrick Jaynes, State Director and Deputy Chief of Staff, Office of Sen. Lamar Alexander (R-TN)

Tokyo is the financial and political hub of Japan, and the senior staff delegation will meet with American and Japanese government officials, journalists and issue experts on issues ranging from security, women's status to trade.

Tohoku, the northeastern portion of Japan that includes Fukushima and Sendai, was the epicenter of the March 2011 Great East Japan earthquake and resulting tsunami and nuclear disaster at Fukushima Daiichi nuclear power plant. This disaster caused the deaths of tens of thousands of Japanese citizens as well as two American citizens. The earthquake and tsunami resulted in major damage to coastal areas and was compounded by nuclear contamination from the damaged Fukushima Daiichi plant, which forced the evacuation of tens of thousands of Japanese whom remain displaced to this day. Through meetings and site visits, trip participants will hear from local leaders and experts on how the disaster has impacted their community, how the U.S. has supported the region in the aftermath of the disaster, and what challenges remain with regards to energy needs and decontamination efforts.
